About me

I'm a 3D & 2D Artist, Motion Graphics Designer, Video Editor, and WordPress Website Developer with 8+ years of freelance and professional experience. Skilled in architectural visualisation, branding, web design, and digital content creation, I have worked with a wide range of clients – from startups and agencies to established businesses.

I run my own creative agency, Dreamforge Studio, where I lead projects in 3D visualisation, interior & exterior design, motion graphics, branding, and websites. Alongside this, I also work as a freelancer, collaborating with clients across different industries to deliver high-quality, impactful visuals and creative solutions that bring ideas to life.

Experience

3D Artist | Video Editor | Motion Graphics

Jaseil Creations - Gurugram

Jun 2023 – Present

- Creating motion graphics, product videos, and 3D content for client campaigns.
- Collaborated with creative teams to design social media ads and corporate visuals.
- Handled multiple design projects under tight deadlines while maintaining quality standards.

3D Artist | Video Editor | Motion Graphics

Unhide – Gurugram, India / Remote

Mar 2019 – May 2023

- Worked both on-site in Gurugram and remotely (Work from Home) on multiple creative projects.
- Delivered 3D layouts, architectural animation, and visualisation for residential and commercial projects.
- Created motion graphics, branding visuals, and video edits for digital campaigns.
- Actively contributed to cross-functional teams, ensuring smooth workflow between design and marketing.

Intern – 3D & Motion Graphics

Brick Studio – Dehradun, India

Mar 2018 – Feb 2019

- Assisted in architectural renders and visualisation projects.
- Gained hands-on experience in 3D design and motion graphics production.
- Supported senior designers with research, file management, and client presentations.
